

## ***Transmission Line Pulse Testing***

---

### **Services Included:**

- Prior to Testing
  - Consultation and training, as needed, describing industry standards, test methods and WML test submission procedures, assuring compliance to standard test methods.
  - Test Setup Verification documents for review and sign-off.
- TLP Testing
  - Verification TLP I-V curves from before and after testing of known samples to insure data accuracy.
  - Testing to ESD Association Standard Practice ESDA SP5.5-2003, or customized to your engineering requirements.
  - Turn-around time of 14 days, not including shipping time.
- Comprehensive Final Report
  - Executive Summary
  - Documentation of product information, industry standards, test setups, calibration waveforms.
  - TLP data in Excel spreadsheet format including TLP I-V plot with leakage evolution.

### **Deliverables:**

- Comprehensive Final Report.
- TLP I-V curves.
